

Unlimited Adventure

Close your eyes and imagine a warm evening, the sun setting over the pines, and the dragonflies darting about the surface of the water. All you can hear is an occasional birdcall and that wonderful sound of your boat rhythmically cutting through the mirror surface of the water.

The kayaks and sailboats at UMass Boston are now available for rental and club membership! Lessons are offered, as well.

Here's the website to learn more about the program!
